FUNDING FOCUS
The Arts Council's Professional Development for Artists (PDA) Grant Program was established in recognition of the value and important contributions of creative individuals to the cultural vitality of the Hillsborough County. The program’s intent is to support and develop a vibrant, creative community that inspires, energizes and stimulates prosperity for residents and visitors alike.

PDA Grants provide support to Hillsborough County artists with established success on local, national or international levels. It is an annual grant program that provides funding to emerging or established artists in a variety of disciplines for a single purpose: Attendance at a professional development experience or the purchase of equipment that is pivotal to the advancement of the artist's career. Funding for this grant program is provided by the Hillsborough County Board of County Commissioners through the Economic Development Department.

ELIGIBILITY
Artists must meet the following eligibility requirements:

- An active literary, performing or visual artist
- Must be 21 years of age or older
• Permanent resident of Hillsborough County since October 1, 2018 and remain so throughout the funding period
• Must be a U.S. citizen or permanent resident
• Have not received any type of artist grant from the Arts Council within the last three years (2017, 2018, 2019)
• Full-time, arts-related faculty in higher education are not eligible
• Applicants and recipients may not enroll in, or be currently enrolled in, any undergraduate or graduate degree program during the time their funded project is in progress.

PROFESSIONAL DEVELOPMENT FOR ARTISTS GRANT PROGRAM
Grant funds may only be used for a professional development education experience or equipment that can be shown as advancing the abilities of the applicant.

Only one application per individual will be accepted annually.

Reviewers judge and score the application based on four areas:
• The relevance and impact of proposal on the artist’s career
• Demonstrated commitment to career
• Artistic/creative excellence of the work of the artist
• Application clarity and organization

Specific details of these criteria are explained in the scoring matrix document.

NOTE: Grant funds may only be used to benefit the individual artist applicant and may not be used to support an incorporated business or group endeavor.

GRANT AMOUNT
Artists may ask for a maximum of $2,000 for their proposal and must provide details of how the grant money will be spent. If the cost of the project exceeds the maximum grant amount, the applicant will be asked to explain how additional costs will be covered.

Matching funds are not required.

WORK SAMPLE INFORMATION

Examples of current, original work by the artist are required as part of the application process. Work samples should demonstrate the current level of ability of the applicant and convey artistic/creative excellence. Work samples submitted for review must be completed and not a work in progress. Additionally, the applicant must be the primary artist behind the work, unless part of a partnership or collaboration and it is noted as such in the Work Sample Information detail.

The following details must be provided in the Work Sample Identification Information section:

1. File Name or URL
2. Title of the work and year of completion
3. Dimensions or duration of finished work
4. Media used (if visual art)
5. Date and place of first exhibition, performance or publication
6. Names of other performers seen/heard on the work or contributors to the work
7. Other additional descriptive information about the work after the file identification (awards, methodology, etc.).

Work must have been created within the last two years and it is recommended at least one sample was created within the last year. Do not submit multiple files/images of the same work.

Keep in mind that reviewers will be accessing work samples provided with the application from their personal computers running a myriad of different operating systems and software. Therefore, we must limit the number of samples and the file formats being accepted.
To ensure a fair process, do not submit more samples than is requested as extra samples or pages will be deleted. If fewer than the requested number of samples are submitted, the application will be ineligible. Applications without work samples or work samples not in the specified format will be disqualified.

**NUMBER AND TYPES OF WORK SAMPLES**

**2D, 3D Visual Artists** – Eight large, high quality, digital images of different work in JPG or PDF format. Upload each individual image separately through the online system. Do not paste all work samples in one file. Make sure the image is sufficiently large to see detail and techniques used in the work. List the required information for each work in the Work Sample Information section.

**Music, Dance, Theatre, and Film/Media Artists** – Applicants submit three relevant samples showing 2-4 minutes of the artists’ work per sample.

No video files (mp4, avi, mov) will be accepted due to bandwidth limitations and reviewers may not have the ability to listen to samples in these formats. Instead, provide a direct link (URL) to an online hosting site such as YouTube or Vimeo for your video files. Videos must be detailed in the Work Sample Information section.

For applications involving theatre, eight images of a past production may be submitted in cases where copyright has prohibited videotaping. Images must be detailed in the Work Sample Information section.

For applications involving music, applicants should upload three pieces of four minutes or less in mp3 or wav format. Samples must be detailed in the Work Sample Information section.

**Please note:** Reviewers have many work samples to review. For this reason, they will listen/view 3-4 minutes of an audio/video sample. If you must upload a sample longer than the length specified, you need to indicate on your Work Sample Information list which 3-4 minutes you want the reviewer to see. If no indication is given, the reviewer will listen/view the first three minutes.

**Literary Artists** – Up to ten pages of poetry, prose, screenplay, script or manuscript as a pdf. For work longer than 10 pages such as novels, plays, etc., choose a section that is the strongest example of your work. If more than 10 pages are submitted, only the first 10 pages will be shared with the reviewers. If fewer than 5 pages are submitted, the application will be ineligible. List the required information for each work in the Work Sample Information section.
GRANT REQUESTS FOR EQUIPMENT

If purchasing equipment is part of your request, you must provide a direct link (URL) to a website page that includes a detailed description of the equipment, the supplier and cost. This must be a product description of the same equipment listed in the Budget section of your application.

GRANT REQUESTS FOR EDUCATION EXPERIENCES

You must provide a direct link (URL) to a website with details of the conference/workshop/residency identified in the Budget section of your application. Online classes, self-paced tutorials are not allowable under this program.

If you need to include travel costs in your application, you must list those costs in the Budget and include estimates from travel providers. Note: There are restrictions on the types of travel expenses that can be funded. Please call the Arts Council to discuss prior to planning on using grant funds for travel expenses or budgeting those expenses in your application.

PROPOSAL BUDGET

You must submit a simple budget/list of expenses associated with your request that gives the total cost even if it is more than your grant request. Any expenses over the amount of the grant award must be paid by the applicant.

SCORING

A panel of professionals review all applications. Examples of past judges include professional artists, writers, performers (including previous grant recipients), educators, arts administrators or professionals in art-related fields etc.

Each reviewer reads and scores all eligible grant applications. Panelists evaluate the proposal based on the following criteria:

- 25 points – Need & Impact – The application clearly connects the potential impact of the proposal to the artist’s personal craft or body of work. The relevance of the proposal to the artist’s career goals is clear and realistic. (derived through narrative and program/product information)

- 25 points – Commitment to Career – There is evidence of consistent pursuit of and strengthening of a career as a working artist that is appropriate to the years of experience. (derived from artist goals and artistic resume)
• 25 points – Artistic Excellence – The artist’s vision and understanding of craft is evident. Work samples demonstrate of originality, consistency in quality, overall artistic/creative excellence and skill. (derived through work samples)

• 25 points – Clarity and Organization – The application is clear, concise and complete. The proposal has been well researched and there is evidence of quality or high standards. Financial information is clear, and the budget is well-thought out.

A total of 100 points is possible with a minimum of 70 required to be eligible for funding, however, a score of 70 or higher does not guarantee funding. Grants are awarded for beginning with the highest scoring grant until funding runs out.

FREQUENTLY ASKED QUESTIONS

Q: HOW MUCH CAN I REQUEST?
A: The maximum request is $2,000. If granted, the award will be for the full amount requested; no partial grants are awarded in this program.

Q: WHEN DO I HAVE TO TURN IN MY APPLICATION?
A: Applications and work samples must be uploaded to the online system by 5 pm on Tuesday, October 22, 2019. Upon submitting your online application, you will immediately receive an e-mail confirmation. If you do not receive this confirmation e-mail, your application has not been successfully submitted. Unfortunately, applications submitted after 5 pm will not be accepted.

Q: AM I REQUIRED TO MATCH THE GRANT?
A: Although matching funds are not required, if the cost of the request exceeds the maximum grant amount, the applicant must explain how the additional cost will be paid and the source of the funds.

Q: AM I AN EMERGING OR ESTABLISHED ARTIST?
A: This is up to the applicant to determine. Applicants may be either emerging or established artists, but in either case must have a record of artistic achievement appropriate to the stage of their career. In general, an emerging artist is an individual who is in the early stages of building their career but has a clear, definite direction. An established artist has a successful career record with an extensive body of work and good history of professional accomplishment.
Q: CAN I APPLY IN MORE THAN ONE DISCIPLINE?
A: No. Please determine your strongest discipline or area of focus as an artist and submit your application accordingly.

Q. WHY DO I NEED A PROFESSIONAL ARTIST Resume/CV?
A: A professional artist resume/CV is not the same as an employment resume. This resume will determine the majority of your score regarding commitment to your career and your artistic/creative excellence.

The resume will provide important information about your commitment to be a professional artist, performer or writer -- giving reviewers an overall understanding of your accomplishments and the context of your work.

You should be sure to include: all education relevant education (formal and non-degree seeking), solo/group exhibitions, grants, awards, honors, and accomplishments through performances, or published work and any other relevant information about your career. It should always include specifics such as names, places, dates, and locations.

Do not submit a narrative biography in paragraph format in place of your resume/CV.

If you do not already have a professional artist resume/CV, please start as soon as possible. Creating a good resume takes time but once you have created one, it will be easier to update and will be very useful to you in the future. Q. HOW DO I PROVE I’VE BEEN A RESIDENT FOR ONE YEAR?
A: Valid proof will include a date prior to October 1, 2018, your legal name and Hillsborough County address. Submit one of the following: Florida driver’s license, property tax receipt, income tax return (first page only), lease agreement, Florida vehicle registration, Florida Voters Registration Card or Florida full-time employment documents (your most current pay stub and one at least twelve months prior to application). Upload a copy of the proof as a PDF.

Q: WHAT OTHER MATERIALS WILL I NEED TO SUBMIT?
A: In addition to the work samples listed above, you will be asked to upload a work sample list, resume, descriptions of education experiences and price quote(s). No additional support materials will be accepted. Applications without these materials will be ineligible.
Q: CAN I ASK ARTS COUNCIL STAFF TO REVIEW MY APPLICATION BEFORE I SUBMIT?
A: In the interest of fairness to other applicants, the Arts Council will not review or proof your application prior to submission. Successful applicants have found that it is most helpful to have a friend, colleague or mentor review their application for clarity, spelling or grammar before it is submitted.

Q: AM I ABLE TO SAVE MY APPLICATION AND RETURN TO IT LATER?
A: You will not need to complete your application all at once. The online application is divided into sections and stages and can be completed over time. You can save your work as you go and return to your application at any point before submitting. To review and edit your application, sign in to your profile at https://artscouncilhc.smapply.io.

Q: CAN I PRINT MY APPLICATION FROM THE ONLINE SYSTEM?
A: You can log into your account and review or print your application at any time.

Q: IF I FIND A MISTAKE AFTER SUBMITTING MY APPLICATION, CAN I CORRECT IT AND RESUBMIT?
A: Once you finalize your application by completing the “Certification” task and clicking “Mark as Complete” you can no longer make additions, corrections, or any other edits. The Arts Council urges applicants to start applications early, review answers carefully and, if possible, have a friend or colleague to review your application before you complete the submittal process.

Q: WHAT CAN GRANT DOLLARS BE USED FOR?
A: Grant dollars must be used to support a single purpose. In most cases, this means a single item – a fee for a workshop or conference, taking a master class, purchase or rental of a piece of equipment. In some instances, there may be shared or related expenses that are also legitimate. For instance, attendance at a conference AND travel costs to attend; or, a major piece of equipment AND a necessary additional component (a saw AND a blade). If you are unsure if you can use grant funds for a specific expense, please contact the Arts Council. Applicants are required to provide details for the request and the request amount. For example, a conference brochure with location, pricing, and dates; a draft invoice; or an online price quote, etc.
